

# 2010 SAS Institute: Bridging Research and Practice

December 5-8, 2010  
Hershey, Pennsylvania

Featuring  
Jay McTighe & Charlotte Danielson

The **Standards Aligned System** (SAS) is a collaborative product of research and good practice that identifies six elements which, if utilized together, will provide schools and districts a common framework for continuous school and district enhancement and improvement.

## Institute participants will:

- Identify SAS strategies that are working in schools and districts across Pennsylvania
- Apply the Standards Aligned System to district, school, and classroom practice

Registration and more information  
will be available in mid-October.
